WELCOME MESSAGE FROM ORGANIZATION

Dear All,

United Scientific Group a non-profit organization takes the honor to invite you to the **Global Energy Meet** which will be held on **March 06-08, 2022** at **Boston, MA**. **GEM-2023** hosts important gathering and foster connections that will spur the innovations in Energy fields. **GEM-2023** formerly titled as Fossil and Renewable Energy (F&R Energy) and now reinstated with a new dialogue on Energy Ideas. It is a forum where business and academia intersect to spark development and showcase latest technological developments in Global Energy Issues. It is a three-day event which features energy experts, academicians, business executives and engineers to showcase recent trends, strategies and challenges of energy systems. It creates platform to focus on advancing new energy paradigms for energy systems and global energy issues. GEM-2023 program is an assemblage of inspirational keynote addresses, top-notch educational sessions, interactive panels and networking events.

We believe GEM-2023 is an opportunity to network with peers and take real ideas to implement at your respective organizations.

About the Organizer:

United Scientific Group (USG) a non-profit organization is an expert-driven initiative with a vision to:

- « Identify and bridge gaps in knowledge by creating and implementing new scientific and technology-specific platforms, forums and products to discuss bottleneck issues and incorporate recent research advances.
- « Publish and promulgate innovative research findings with an ethical and stringent review process to make a step-change in the fields of science and technology.
- « Partner business and science for the translation of scientific discoveries and innovative ideas into implementable solutions and products which benefit mankind. The USG team is committed to work together to create network which delivers the best scientific solutions and contributes top services to the scientific community.

Join us at Boston!

Networking

Unique networking opportunity across worldwide where the world's leading renewable CEOs, business heads, decision, and policy makers, choose to present their latest innovations.

Scientific Sessions

- « Solar Energy
- « Smart Grids
- « Wind Power & Energy
- « Hydroenergy & Hydropower Technology
- « Power Generation Technologies
- « Hydro Electricity
- « Thermal Energy & Mangment
- « Biofules & Bioenergy
- « Hydrogen & Fuel Cells
- « Petroleum Energy & Shale Oil
- « Coal Geology
- « Natural Gas
- « Enhanced Oil Recovery
- « Reservoir Characterization & Engineering
- « Chemical Applications in Producing Oil and Gas
- « Combustion Engines
- « Drilling Operations
- « Energy Supply and Economics
- « Energy Materials
- « Environmental & Pollution Issues
- « Filtration & Separation
- « Geology & Exploration
- « Pipeline Transportation and Storage
- « Petroleum Geology
- « Processing Technologies
- « Renewable Energy & Feedstock
- « Unconventional Resources
- « Fracking

SPONSORSHIP

Support the event and take the advantage of getting connected with your target audience!

The United Scientific Group (A non-profit organization) organizes interdisciplinary international conferences to showcase on cutting-edge basic and applied research outcomes within life sciences including medicine and other diverse role of science and technology in society.

F&R Energy-2021 three-day conference will give attendees a chance to interact, learn, and engage with the business leaders and industry's foremost researchers, while tackling the pressing issues that face the new generation. Participants will be top level representatives from sectors like prominent commercial; regulatory; scientific organizations and academic institutes.

USG offers several opportunities for sponsors to demonstrate their support towards science and its people by providing financial contributions to facilitate the presentations of noble research findings, hospitality and other necessary management for the scientific gathering.
